Appendix to Project Action Memorandum #13

TITLE: Comments on Communist China's Current Foreign Trade Position

TERMS OF REFERENCE:

1. What is the current Balance of Payments position of China vis-a-vis:  
(a) U.S.S.R.; (b) Satellites; (c) Western World?
2. Present the area pattern of trade (by value) by reviewing, correcting, and up-dating (1953) an existing table entitled "Communist China's Foreign Trade, 1949-52."
3. What are China's broad import requirements for her new Industrialization Program? (from NIE-88)
4. To what extent can the Soviet Bloc offset Western controls on certain broad categories of Western exports?
5. To what extent will China's Balance of Payments position effect her import source preferences?
6. What is the extent of their state control over foreign trade and how would present regulations affect trade with the West?
7. This report shall be of a classification no higher than SECRET.
